Security for employees and visitors has been, and shall remain, a constant concern at Ingram State Technical College. Current valid picture identification may be taken by Department of Corrections' personnel at the front gate of any ISTC location in order to gain entry. To enhance security for all employees and visitors, the following practice is adopted as policy.

A Center/Facility Director or designee at any ISTC location may assign escorts to any visitors, male or female, if he/she has reason to believe that such action is warranted or necessary.

These provisions are an effort to deal with the very real security concerns of the correctional education environment, and should not be seen as an effort to impose gender-related limitations on any employees or visitors. Any employee with questions about this policy should contact the President or their respective Dean.
