OSHA 10-hour General Safety	125

The ISTC Foundation

The Ingram State Technical College Foundation helps the College provide opportunities for students beyond the scope of institutional funding.

Contributions to the foundation provide qualified graduates with tools and equipment needed to start a job, as well as funds for job-related licenses and certifications.

Working together, foundation leaders, donors and volunteers help students make a successful transition from incarceration to home, community, and work.

For information about activities related to the foundation or to make a contribution, contact Dr. Brannon Lentz, ISTC foundation liaison at 334-514-8607 or brannon.lentz@istc.edu.

Funding

Ingram State receives a yearly allocation from the Alabama legislature, and relies heavily on state and federal grants to accomplish its mission.

Legislative Appropriation	\$8,613,323
Federal Grants	\$3,249,007
State Grants	\$3,663,503
Legislative Community Service Grants	\$10,650

Ingram State graduates joined Alabama's workforce in 2020-21. To learn more about hiring an ISTC graduate, contact our job placement team at 334-514-5070.

Established by the Alabama legislature in 1965, Ingram State serves incarcerated students exclusively. Ingram State offers students 19 credit and non-credit technical training programs, industry certification, adult education, GED preparation and testing, life skills training, and job placement assistance.

Ingram State serves students from eight (8) correctional facilities across central Alabama:

- Alabama Therapeutic Education Facility
- Bibb Correctional Facility
- Donaldson Correctional Facility
- Elmore Correctional Facility
- Frank Lee Community Work Center
- Red Eagle Community Work Center
- Staton Correctional Facility
- Tutwiler Prison for Women

The College also partners with the Alabama Bureau of Pardons and Paroles to deliver education and training at the Thomasville Regional Day Reporting Center.

Ingram State Technical College fosters student success through:

- ◆ Co-requisite courses in English, math, speech, and introductory computer skills;
- ◆ Industry certification and licensure including EPA, Microsoft Office Specialist, MSSC, NCCER, OSHA10, and Swift coding;
- ◆ Work-based (live work) learning opportunities and apprenticeship programs; and
- ◆ Student enrichment programs including Phi Theta Kappa, National Technical Honor Society, Student Ambassadors and Innovators, Oratorical and Visual Arts Contest and Student Choir.
